

HANSER automotive covers all issues of E/E development included in every issue:

components/systems: components | embedded systems | sensors | mechatronics | OEM | Tier1

engineering: development tools | simulation tools | operating systems | software development | measuring – testing – diagnostics | validation

ISSUE	DATES	FOCUS TOPICS	COMPONENTS/ SYSTEMS	ENGINEERING	FAIRS/ EXHIBITIONS
1	E: 14.12.2023 B: 30.01.2024 P: 26.02.2024	driver assistance systems automated driving Review CES, Las Vegas	sensors	operating systems software development measuring – testing – diagnosis	CES, Las Vegas, 9.-12.01.2024 EMV, Cologne, 12.-14.03.2024
2	E: 01.02.2024 B: 29.02.2024 P: 27.03.2024	exhibition issue: Embedded World safety & security	embedded systems active components	development tools	Embedded World, Nuremberg, 14.-16.03.2023 Hannover Messe, Hannover, 17.-21.04.2023
E-PAPER SPECIAL EDITION Measuring & Testing	E: 02.04.2024 B: 25.04.2024 P: 28.05.2024	driver assistance systems automated driving emobility connectivity	active components power electronics power supply active components	measurement & test branch technology test & validation diagnosis & simulation	Automotive Testing Expo, Stuttgart, 04.-06.06.2024 Sensor + Test, Nuremberg, 11.-13.06.2024
3	E: 05.04.2024 B: 02.05.2024 P: 05.06.2024	e-mobility & hydrogen drives	power supply active components	measuring – testing – diagnosis	ADAS & Autonomous Vehicle Technology Expo, Stuttgart, 04.-06.06.2024 PCIM Europe, Nuremberg, 11.-13.06.2024
4	E: 29.05.2024 B: 02.07.2024 P: 27.07.2024	e-mobility trucks and vans automated, connected, shared electrified mobility lighting systems and components	lighting technology	development tools	IAA transportation, Hannover, 17.-22.09.2024 ELIV Congress, Bonn, 16.-17.10.2024 emove 360°, Berlin, 24.-26.10.2023
OEM SUPPLIER	E: 25.06.2024 B: 12.08.2024 P: 10.09.2024	special publication for the entire automotive industry	new components & systems	research & development manufacturing service provider e-mobility	IAA transportation, Hannover, 17.-22.09.2024
5	E: 06.09.2024 B: 07.10.2024 P: 04.11.2024	driver assistance systems automated driving Connectivity	exhibition issue: Embedded World active, passive and electro-mechanical components	measuring – testing – diagnosis	electronica, Munich, 12.-15.11.2024 sps smart production solutions, Nuremberg, 12.-14.11.2024
MOBILE AUTOMATION	E: 20.08.2024 B: 27.09.2024 P: 28.10.2024	special publication about components, systems, and automation technology in mobile machines, i.e. farm, forest, construction, and special vehicles.	componentes & systems testing & measuring sensor systems telematics systems	engineering tools image processing actuating elements control & regulation	sps smart production solutions, Nuremberg, 12.-14.11.2024
6	E: 09.10.2024 B: 07.11.2024 P: 04.12.2024	safety & security e-mobility & hydrogen drives POSTER CALENDAR 2025	sensors	development tools	CES, Las Vegas/USA, 2025
